

2027 CO-OP SPONSOR APPLICATION

The Muddy Creek Chapter of Trout Unlimited, in partnership with the Pennsylvania Fish and Boat Commission, raises up to 7,000 brown trout each year at its Co-Op Nursery on Tom's Run. At our 100-foot raceway, which uses continuous aeration and self-feeders to support healthy fish growth, we help to ensure that anglers who fish Muddy Creek can enjoy high-quality trout each year.

To sustain this effort, *we need your help.*

For a donation of \$25, your Co-Op sponsorship will help cover the cost of feed, supplies, and utilities – which supplements the daily work of dedicated volunteers.
